Work Plan 2018/19 – Deliverables Central LHIN

Shaded = Not complete/not an urgent priority as determined by partners

See notes at bottom regarding special data requests or revisions

Limited notes on indicators and other updates:

Indicators

Hospital Re-Admissions: Still in discussion re SAS codes

-Palliative Indicators: Work to determine “big dot” indicators (TBD)

-Children & Youth: Was not a priority data cut for 18/19

-Injuries: Was not a priority data cut for 18/19

Special Requests in 2018/19 – highlights include: Primary care chartbook, update of ON-Marg 2016 (including neighbourhood maps), chronic disease data cuts, RPDB age-groupings, unique socio-demographic requests and maps, consultations and assistance with data, participation in webinars around data visualization, community data partnership, Stats Can, OCHPP user survey, multiple user requests for feedback.

Presentations & Workshops in 2018/19 – highlights include: Sub-region workshop, presentation at WiFi annual retreat on ethnic concentration in Toronto, presentation for Wellesley Jr Fellows, meetings with PHSL & UofT partner, meetings and mapping for The Local, presentation at PHO rounds re ON-Marg 2016, work group on data visualization.

▲ Neighbourhoods outside the City of Toronto have been relabelled to include the LHIN number as a prefix. Numbering of former LHIN 8 neighbourhood IDs 141 thru 207, 210 and 211 have been revised to 8141 thru 8207, 8210 and 8211.

Two neighbourhoods in LHIN 8 were merged into one neighbourhood: 8211 is comprised of former neighbourhoods 208 and 209.

Additionally, boundaries for neighbourhoods 8172, 8181, 8185, 8187, 8189, 8191 and 8203 were re-drawn; users should exercise caution when comparing data before and after January 29 2018, when these boundaries were officially incorporated into new indicator data sets.
